

# Adjusting to the New Normal

---

A presentation  
by Leonid Todorov  
General Manager

For the AP I\* online meeting  
7 September 2020

# The New Normal Did Not Catch Us Unaware

---

- Operating mostly online for years
- Distributed, decentralized Board and management team
- A well- established practice of holding webinars and teleconferences (e.g. the Board)

# Adjustments Made

---

- All offline activities promptly put on halt
- Regular surveys
- On their basis, monthly “How-To” webinars- practical tips and tricks and hands-on experience
- Findings and suggestions translated into Working Papers
- For the Board and Working Groups- business as usual

# No Time to Waste

---

The mandatory break has been used to:

- Revamp the website
- Review Staff Contracts
- Launch groundbreaking activities for future TA and CB projects, and
- Develop Members Meetings Plan Through Sep 2023

# Expanding the Outreach and Impact

---

- Three new members joined so far:
  - .KH of Cambodia – as an Ordinary Member
  - Ithreat and IQ Global – business orgs – as Associate Members
- APTLD invited to Advisory Councils of APSIG and dotAsia
- Continues engagement with APriIGF and WIC

# Looking ahead

---

- APTLD79: [www.aptd78.com/](http://www.aptd78.com/) the agenda is nearly there, registrations opened.
- More webinars en route to APTLD79, of course
- Whether held in person, or remote the community should benefit from the new format anyway
- More efforts to train good moderators and identify the right content for both webinars and meetings
- Ready for new challenges by listening to Members

---

# THANK YOU!
