NETmundial+10 Multistakeholder Statement: Strengthening Internet governance and digital policy processes

The document is the non-binding outcome of a bottom-up, open, and participatory process involving people from governments, private sector, civil society, technical community, and academia from around the world. It aspires to strengthen Internet governance and digital policy processes.

An Internet Conference

Held in Sao Paulo on 29 and 30 April, 2024,

Hosted by Brazilian CGI.br,

After 10 years from the successful NETmundial conference 2014,

<https://netmundial.br/2014/>

In order to produce an outcome document through multistakeholder consultations in advance of the meeting and on-site discussion,

Concluded with “*NETmundial+10 Multistakeholder Statement*”
