# Switch! Gender and Diversity in South East Asia

- Switch! is now supporting its third cohort. 150 participants (25 from each of the participating economies, Cambodia, Laos, the Philippines, Thailand, Timor Leste, Viet Nam).

- A total of 350 women or gender diverse individuals supported across all three groups.

- The 2024 group has completed three out of six National Events, most recently Viet Nam. Every economy and every group has a National Event in which participants can network and connect with their peers.

Digital Leap South Asia

- Last year's Afghanistan project was scaled up to *Digital Leap South Asia*

- Supporting Internet industry professionals in **Afghanistan**, **Pakistan** and **Maldives**. Some are diaspora now living elsewhere

- 2024 group includes 24 from Afghanistan, 27 from Pakistan and 10 from Maldives for a total of 61 participants; 30% are women
